What's Been Happening: I've been working with Trane in human resources and safety since January, 2008 and love the work. On a personal note, I'm engaged to be married and planning a destination wedding in Mexico for September 2009. I would love to reconnect with friends from La Crosse so please contact me!

HEIMERL Lindsey M.; BS; r: 176N 74th St., Milwaukee, WI 53213, 262 968-5369

What's Been Happening: In the four years since graduating from good 'ol UW-L, I've spent a year traveling the state of Wisconsin as Alice in Denmark, moved on to manage communications for an agricultural cooperative outside of Madison and now work for Bader Ruttler & Associates doing public relations work for Dow AgroSciences. My current job takes me all over the country, allowing me to enjoy such memorable experiences as shooting a goher with a well-honed rifle in rural Montana, visiting Wal Drug in South Dakota and picking my own apples in Virginia. In July of 2008, I married Peter Heintz, a school teacher and sports coach at Milwaukee Lutheran High School. Go Red Knights!

What's Been Happening: After graduating I moved back to my hometown of Chaffield, Minnesota where I purchased a house and got a job at the Mayo Clinic in Rochester. As a Finance Associate, I supported various Administrative departments across the institution. In November 2006, I was promoted to a Data Management Specialist and transferred to a team that was implementing a reporting environment for the Financial and Human Resource data for the institution. It was a task that included many late nights, but it was exciting to be involved in such a monumental project. We are currently adding more data and capabilities to our reporting tools so I am learning something new every day. Outside of work I stay busy by doing projects around my house, playing on a few volleyball leagues and also a kickball league along with taking many road trips to visit my UWL friends that live across Minnesota and Wisconsin. I love going back to La Crosse to visit and to see what has changed in the town. It seems like a building is taken down or a new one is put up between every visit.

What's Been Happening: I was married to Chairsty Williams
 one month after graduation and we moved to Boise, ID three
 months after that. There I worked for ID Fish and Game - Fish
 Researcher for two years as lead technician on a Lake and
 Reservoir Research crew. As of fall 2008, I'm finishing my
 M.S. in Watershed Science at USU in Logan, UT. I'm currently
 seeking full time employment in fisheries, in the Inter-
 mountain West and the Upper Midwest where we'd like to
 stick around for a while and consider expanding our family.
 We have two German pointing dogs and when we're not
 fishing or working, we're backpacking or upland game hunt-
 ing....life is good.

What's Been Happening: I am currently working as a special
 ed teacher in grades 4 & 5. It's a very rewarding job. I have
 celebrated 27 years of marriage to my husband Mike. My
 daughter, Amber, recently graduated from WSU and married
 her best friend, Dallas. My son, Michael, is attending WSU
 and doing some farming. Life has been full of good opportu-
 nities and lots of laughs. :)

What's Been Happening: Many things have happened in
 my life since I graduated in 2004. I have offered several
 government jobs, but could not be a hypocrite and support
 an illegal entity we call the bureaucracy. Instead I have gone
 through three more back surgeries, and have devoted my
 time to humanitarian work. I help clients of attorney's under-
 stand what is going on, and other works of good. I have
 converted to Islam and plan to go to the Middle East in the
 near future. I'd like to thank Dr. Bigel, Dr. McDougal, and Dr.
 Hollenback for the wonderful job they have done with the
 students there! They were and are mentors of mine. My father
 passed away on 1-10-2008, and left me financially secure,
 along with my old family home in Appleton. All I wish who read
 this use their minds to gain the knowledge these wonderful
 teachers wish to offer! It will help you much on lifes path.
 Assalamu alaikum wa rahmatullah...Peace be upon you and
 God's blessings....Christine

What's Been Happening: My husband Dave and I have been
 living in Lexington, KY for the past 4 years. He just finished
 dental school at the University of Kentucky and has recently
 started his orthodontic residency program. We will be in
 Lexington for at least another 3 years while he finishes up.
 I taught 2 years in a public school in Lexington as a 2nd grade
 teacher and have since moved to a small, private Christian
 school as the 5th grade teacher, middle school Spanish
 teacher, and soccer coach. We have found an amazing
 "family" here in Lexington through a church that was started
 in our neighborhood only months after we moved in. Last
 winter we visited our parents in Racine and have realized we
 really

What's Been Happening: After graduating from UW-La Crosse I attended graduate school at Saint Mary's University of Minnesota in Winona. I graduated with a Master of Arts in instruction in June 2006. Then substitute taught in La Crosse, West Salem, Onalaska, and Galesville during the 2007-2008 school year. I am now teaching English and living in Keelung, Taiwan. I began this adventure in early July 2008 and plan on being here until July of 2009. Hello from Taiwan!

What's Been Happening: I am a High School Social Studies Teacher at the Fall Creek School District in Fall Creek, WI. The 2008-2009 school year marks my 4th year as a teacher. As a teacher in a wonderful district such as Fall Creek, I am very thankful and fortunate to be working at my "dream job!" After graduating from UW-La Crosse in December 2004, I knew I wanted to "come home." As someone who may already know, I am a 2006 graduate of Fall Creek High School. The opportunity to "come home and give back" to the school, the community, and the individuals who have given me so much is an honor. Along with being a Social Studies Teacher, I am involved with co-curricular endeavors. I am coaching Boys' C-Team Basketball and Junior Varsity Baseball; additionally, I am the advisor of the Fall Creek National Honor Society. My immediate family consists of my parents John and Pat and my brother Mark (UWL alumna 2007). Finally, for those of you who are curious, yes, I do have a girlfriend. Her name is Sara Denure (UWL alumna 2005) and she is also a teacher. My undergraduate experience at UWL provided me with wonderful memories that I wouldn't trade. Whenever I can, I enjoy making a trip to La Crosse to visit the campus and community that has become an integral part in making me who I am today.

What's Been Happening: I am now married to a soon to be occupational therapist. I am living in La Crosse for the time being, working in Winona, MN as a physical therapist. No kids on the way yet! I may plan to move to Northern WI and practice closer to my folks.

RAINBOW Jessica M. (Jessica Krafve); BS; Child Care: r. 4618 Anniversary Ln., Madison, WI 53704, 608 216-6421; Daniel; jessrainbow04@yahoo.com

What's Been Happening: Since graduating in 2004, I've worked in several different positions in the human service field. I started out in day treatment for middle school students with emotional and behavioral disorders (EBD). The agency was Steps to Success at Family Service in Madison, WI. After two years there, I moved on to a case management position at Community Partnerships in Madison, WI. As case manager I also worked with youth, of all ages, with severe EBD. After 8 months at this job, my husband accepted an employment opportunity in the Minneapolis, MN area, so we moved. While there, I worked in a day treatment center for kids with autism. After 8 months, my husband was offered a better position back in the Madison area, so we moved back. Currently I am working in the childcare field as a nanny and am contemplating a career change. My husband and I will celebrate 5 years of marriage in January. We reside in Madison, WI and have recently purchased our first house after previously owning two condos. My husband is the General Manager of The Meadows of Sixmile Creek Golf Course.

What's Been Happening: I got married in July of 2006 to Justin Riddle, a 1999 UW-La Crosse football player. We now live in Little Falls, MN and have an awesome golden retriever puppy, "Bella." Justin has a great position with MN Power. I teach Physical Education and DAPE in Crosby, MN and am an Head Girls' Tennis Coach. I am so thankful for the people I met at UW-La Crosse and often reflect on my many great experiences I had there, especially with the track team. I miss the teammates, coaches, and professors I became so close to! I love UW-La!

What's Been Happening: I live in Milwaukee with my
 boyfriend and three dogs. I spend half of my day working at
 MGIC downtown Milwaukee as a Corporate Fitness Specialist
 training and keeping the employees healthy. In my spare time,
 I enjoy redesigning our home, spending time with family and
 friends, competing in outdoor activities, and spending time
 with my dogs

What's Been Happening: Employed at Butler University
 since June of 2006 as the Assistant Director of Recreation-
 Fitness. Had a role in opening Butler's first true recreation
 facility while simultaneously starting a recreation department
 from scratch. The Health and Recreation Complex (HRC) won
 NIRSA's Outstanding Sports Facility Award in April 2007.

Oversee the areas of group fitness, personal training,
 massage therapy, special events, incentive programs and
 more. Also responsible for 60 student/non-student employees
 and the HRC fitness floor comprised of 125 pieces of equip-
 ment. Currently serve as the Indiana Recreational Sports
 Association Vice President. Spent a year employed with the
 University of Notre Dame (RecSports) prior to Butler. Married
 four years to wife Danyelle, 1 daughter, Zoe Nadia.

What's Been Happening: Ever since D-Day, (Diploma-Day) it has been a race to get established and start a career. I ended up finding my niche early in life...and love what I do. After my internship, I went on to use my degree and became an Independent Personal Trainer. Shortly thereafter, I met my future wife! We were engaged in just over 7 months. We feel as though we are each other's opposite, and the one that God has designed for the other. It's quite a blessing. We got married on 07-07-07. Lucky number seven! She has her degree from La Crosse too! We were on the same paths for quite some time...and then the timing was right for us. We have so many great stories from college that we share. All thanks to La Crosse!

What's Been Happening: UW-La Crosse will always hold a special place in my heart since it is where I met my husband, Tom. He was an RA in Drake and I was the hall secretary. We bonded over training and started dating later in the year. We got married June 3, 2006 and moved to Elmhurst, IL where we have been living in a residence hall on Elmhurst College where Tom works in Residence Life and I work as a Nuclear Medicine Technologist at a nearby hospital. We plan on eventually moving back to Wisconsin to be closer to family.

What's Been Happening: Since graduating in May of 2005, I have been teaching students with disabilities at the elementary school level. I have taught in both the Portage Community and Eau Claire Area School Districts. During the fall season, my time after school and on weekends is dedicated to coaching girls volleyball in Fall Creek, where I now reside with a fellow UW-La Crosse alumna, Matt Pissell. My formal education continues as I am working to attain my master's degree in educational administration. The biggest sense of accomplishment I have felt since graduation was at the finish line of the Mad City Marathon in 2008. My first and possibly last full marathon experience! I look forward to returning to La Crosse whenever possible, especially for the annual Cookie Bake in December with Dignan, Julie, Megan, Brit, and everyone else.

What's Been Happening: Lately, I've been getting ready for my January 2, 2009 wedding here in Washington, D.C. When I'm not working on wedding plans (which, as my fiancé will attest, rarely happens), you can find me enjoying all that the city has to offer. Other than that, I'm pretty busy with work, as I have been promoted to Director of Communications. All-in-all, life is pretty hectic, but I love it!

What's Been Happening: After graduating from UWL December, 2005, I moved to Minneapolis to attend law school. I will be graduating from the University of St. Thomas School of Law in May, 2009. Following graduation from law school I hope to pursue a career in sports law, focusing primarily on intercollegiate or amateur athletes. The experiences and the friendships I have taken from UWL continue to be a large part of my life, and I am grateful for each one of them.

What's Been Happening: After my Dec 06 graduation, I moved to Southern California where I began my career working in investment operations. I learned so much and my lessons at UW-L were very helpful in building a good foundation for me to build on. I recently got engaged to James "Seth" Coulson, also a UW-L grad. We will be married in the summer of 2010 after he completes his MBA from USC.

What's Been Happening: After Graduating from UW-LA, I was a full time Hall Director at St. Norbert College in De Pere, WI for two years and loved every minute of it. Which led me to decide to begin Graduate School. So, I am now a Graduate Residence Life Coordinator at the University of Northern Iowa in Cedar Falls, IA. I plan to graduate from UNI in the Spring of 2010 with a Master's Degree in Higher Education: Student Affairs

What's Been Happening: I work with about 75 professional sports teams from the Twins to the Cowboys to the Cavaliers. I sell the team products for their retail stores both at the stadiums and for off-site retail stores. We make products like pennants, decals, clocks, flags, wastebaskets, foam fingers, jewelry, drink ware, etc. I also work with my teams on promotional programs so the Vikings give away a car decal or a pom pom at a game chance as it came from me. I get to travel around and see stadiums, go to games, meet players; not sure if I can think of something I'd rather do for a job.

What's Been Happening: Since Graduating from UWL went on to Graduate School through an online program at the UW-Platteville, I received a Masters Degree in Criminal Justice in May 2007. After graduating I went on to get married to my husband John in July 2007. We both had children already from previous relationships and we have now added another addition to our family. I am currently a stay at home mom. Not what I expected after leaving college, but being a mother brings me so much joy that putting my career goals on hold for a while longer is well worth it. When I look back at my college experiences they were some of the best days of my life and an experience well worth doing.

What's Been Happening: I am currently working toward my masters in sports management at Chadron State College in Chadron, NE. I will finish up my program in May of 2009. I am also a graduate assistant for the football team coaching offensive line and inside receivers. I feel very fortunate to be in the position that I am in learning tons and enjoying this process.

What's Been Happening: 2008 has been a big year. I was promoted to Quality Analyst in January for the Application Review and Compliance team at AIG American General Life Brokerage. My fiance and I bought a house in Waukesha in February. I am a bridesmaid in fellow alumni Mindy Schroeder's wedding on September 20. Two weeks later on October 4 I will marry Jason Prothro. We look forward to spending our honeymoon in Bainbridge Island, Washington and hosting our first Christmas as newlyweds at our home in December.

What's Been Happening: My husband, Ben and I were married on Sept 15, 2007. Our ceremony was at Camp Helen Brachman in Almond WI, where we met while working as camp staff. I am currently working at the YMCA at Pabst Farms in Oconomowoc as the Aquatic Coordinator, and have been in the position for almost a year. We enjoy spending time outside and at the numerous parks in the area. In February we adopted a puppy from the Dane County Humane Society. Penny is a Border Collie Alaskan Husky mix, and she adds a lot of enjoyment to our lives.

What's Been Happening: Currently I am attending Northwestern Health Sciences University where I will graduate in November with a Doctor of Chiropractic degree. After a residency with Allied Health in Wausau, WI, I plan to move back to La Crosse with my wife and set up my practice which will focus on occupational health and applied ergonomics in industry.

What's Been Happening: Upon completion of my degree from UWL, I started on my master's degree through University of Minnesota. I finished this spring and am now looking to advance my career here at Mayo Clinic. On a personal note, I married Ted Schmidt in September 2003 and we have a wonderful daughter, born in August 2007. Life is good. :)

What's Been Happening: Right after graduation at LaCrosse, I moved out to Colorado for 8 months, and then moved back to Stevens Point. I am now currently living in Plover, WI with my husband, Wally, who just started his own chiropractic practice last Aug. We have two boxers, Nikki and Wrangler, on a little 2 acre plot south-west of town. I am currently working for the county as an intake specialist for Energy Services while translating spanish for both energy and emergency services. I don't get to climb as much as I used to but still do plenty of climbing and hiking. Very much miss the LaX climbing crew!!!

What's Been Happening: I am currently living in Madison and enjoying all there is to do in the area. I stay active by participating in sports throughout the year including volleyball, basketball and ultimate frisbee. I enjoy kayaking on the lakes and rivers in the area as well as hiking at nearby state parks. I look forward to the fall of each year when I go to La Crosse for football games and to march with the alumni band in the Oktoberfest parade. I have many fond memories of UW-La Crosse. Some favorite memories include playing trumpet with the Streaming Eagles Marching Band, traveling to Italy with the RMTB department, hiking the bluffs and participating in intramural sports.

ANDERSON Anne E.; BS; r: 2015 Pleasant Ave., Minneapolis, MN 55404; 612 701-2713; sonic_laugh@yahoo.com
What's Been Happening: Annie has been working for a consulting firm in the Twin Cities as a Cultural Resource Specialist (essentially a commercial archaeologist) for the last two years. While living in Minneapolis, she has enjoyed cycling, knitting, good food, her great front porch, the arts, as well as the company of friends and family. She will attend the University of Bradford, England this fall to pursue a masters degree in archaeology, specifically, an MSc in Human Osteology and Paleopathology.

What's Been Happening: Since graduating from La Crosse in 2006, I have moved to Atlanta, GA where I am employed by the Shepherd Center. The Shepherd Center is a catastrophic care hospital that specializes in treating neuromuscular disorders, traumatic brain injuries, and spinal cord injuries. I work in an outpatient program called Beyond Therapy which administers rehabilitation on activity based concepts. Our program is designed around the concept of neuroplasticity which entertains the idea that the body can develop new or use existing pathways to send motor or sensory information in a person whose spinal cord or brain has been compromised.

What's Been Happening: Visiting family and friends spread out across the country is a major priority. Life gets even better in post-graduate years, but the ease of friendships and sense of community while in college will always be cherished. Small town living is not so bad.

What's Been Happening: Since graduating from UWL and Franciscan Skemp School of Anesthesia in 2006 with a masters degree in Biology, I have been practicing as a Certified Registered Nurse Anesthetist at Sauk Prairie Memorial Hospital in Prairie Du Sac, WI. I am proud to be one of seven CRNAs practicing independently at a rural Wisconsin hospital. I feel honored and blessed to have survived my 27 months of education and training in La Crosse as it has been one of the most difficult yet most rewarding things that I have ever done in my life. I have been married to my husband Paul for eleven and one half years. Together we have two boys, ages ten and seven, and are expecting our third child April 2009.

What's Been Happening: I graduated UW-La Crosse in 2006 (BS in physics with an emphasis in astronomy) and moved to Colorado that August to pursue graduate work. I'm still enrolled at the University of Northern Colorado in the Earth Sciences Master's degree program and am also working on a post-baccalaureate degree in secondary education. Fortunately, I was able to find jobs here as well... I am the head coach of a competitive gymnastics program and also hold graduate assistant and teaching assistant positions at the university. Between my school work, three jobs and writing my thesis I barely have time for anything else but I do get out to enjoy the hiking in the mountains, spending time with friends and continually exploring my new surroundings.

What's Been Happening: After graduation from UWL in 2006 I worked for a year at the University of Wisconsin-Madison in the Department of Athletics. My main duties were with strength and conditioning and student-athlete academic services CHAMPS/Life Skills program. I am currently a second year graduate student at the University of North Carolina-Chapel Hill. I will graduate in May, 2009 with a Master of Arts degree in Exercise and Sport Science with a concentration in collegiate sport administration. I currently work as a graduate intern in the UNC Athletics Department where my primary duties are with Student-Athlete Development and the Carolina Leadership Academy. My goal after graduation is to continue working in higher education and possibly pursue doctoral study. Fun Fact: I recently completed Ironman Wisconsin this past September!

What's Been Happening: Since graduation I started working at WinCraft in Winona, we are a licensee of all major sports (NFL, NASCAR, MLB, etc.). I started in inside sales selling to retail stores. In March of 2008, I was promoted to track/event sales which means I am now selling to NASCAR tracks, the IRL, NHRA, and many other "racing-oriented" type of accounts. Other than that, I've been keeping myself busy with friends and trips.

What's Been Happening: Since graduating from UW-L I have gotten married to my husband, James. He is a funeral director for Rhel Funeral Home in Durand, Menomonee, & Elmwood, WI. We recently bought a home in Durand. This will be my second year teaching in Wabasha, MN (my home town). I teach first grade and am a prom advisor at Wabasha-Kellogg Public School District.

What's Been Happening: Since I left UW-La Crosse I have been working with autistic children which is very rewarding and challenging all at the same time. I recently bought my first house and am now expecting my first child! My favorite memories from UW-La Crosse are the time I spent with the friends that I made there.

What's Been Happening: Since graduating from UW-L, I married my best friend and fellow graduate, Jeremy Wenzel. We have truly enjoyed our first year and a half of marriage and just recently moved to the Twin Cities and bought our first home! I am working as an Office Manager and Event Planner and Jeremy is Teaching and Coaching at a local High School. We greatly look forward to starting a family in the next couple years! Until then, we plan on working on our brand new house, traveling when possible and establishing great friendships in our new church and community. We both look fondly upon our time in La Crosse and maintain many connections with friends there.

What's Been Happening: I moved to Richmond, Virginia in January of 2008. I have been working at Central State Hospital (CSH) as a Recreation Therapist. I will be leaving CSH on August 22nd to pursue a position as a youth counselor with The Discovery School of Virginia. In September I will also be beginning classes toward a Master's Degree in Forensic Psychology with Argosy University's online program.

What's Been Happening: In 2007, I graduated with a Master of Public Health from UW - LaCrosse. After struggling to find a job, I took what I thought would be a short term position as an Administrative Assistant to pay the bills. Little did I know that I was going to love it! Within 5 months I was promoted to Executive Assistant and extensively utilized skills I learned in my MPH degree such as event coordination, program planning, evaluation, and quality improvement. Now I coordinate events for hundreds to thousands of people, host groups such as HospiceCare Inc. and various subgroups of the University of Wisconsin Hospital and Clinics, partner with the Atte Angel Community which is Madison's premiere continuing care retirement community, and coordinate many fundraising events for various charities.

What's Been Happening: In the summer of 2007, I finally found a teaching job for the 07-08 school year at Wisconsin Career Academy in Milwaukee. It is a very diverse, urban charter school. I am in my second year teaching there and I will also be the soccer coach this year.

KEUHN, Kira N., PCV, BS, Peace Corps Volunteer; r: PCV Kira Keuhn BP 03, Bamby, Senegal; keuhn.kira214@gmail.com

What's Been Happening: Since September 2007, I have been living and working as a Peace Corps Volunteer in Senegal, West Africa. My sector is Small Enterprise Development, but I work in many different areas. Primarily, I work with artisans. I live in a town of 25,000 but work significantly in a village of 500, about 11km away. They are organized as an NGO and have been exporting their products to Europe for several years. I am trying to find them new partners in America, but since they have no Anglophone partners, I have spent a lot of time translating. I am also working with Women's Groups and Gender Development. I work with 2 women's group presidents. With one, I am beginning to convince her to sell a dry pyroline in the markets. It is a great product that combines 5 different grains and great for children and the elderly. Projects in Senegal are tough starting. My other project is helping lead a cleanup project in the neighborhood. I have hopes to encourage the entire city to have organized cleaning and garbage separation. Over 75% of waste is organic. If only they would separate, there would be compost, and better soil for growing gardens. That is my work! Check out my blog for more stories; http://kiranseeneig.blogspot.com

What's Been Happening: The summer after graduating I taught summer school in the New Britain Public School District. In August 2007, I was hired as a K-8 Physical Education teacher in Queen Creek, AZ. I am living in Mesa and still teaching in Queen Creek. I am enjoying living in a new place and traveling to places that I have never been. I do miss Wisconsin a lot and I imagine that I will be moving back "home" (WI) in a couple of years.

What's Been Happening: Hello fellow alumni! I have been keeping myself busy since graduation. I am currently enrolled in the College Student Personnel Administration masters program at Illinois State University. I have an assistantship with the program, and I am also the director of the Kappa Kappa Gamma House at Illinois Wesleyan University. I have remained active in my own sorority, Alpha Phi, by joining an alumnae chapter in Peoria, IL and by serving as the North Central Midwest Region's scholarship specialist. I hope you are all well!

What's Been Happening: Since graduation in December of 2007, I have gotten married and had two jobs in my field (Biological). I worked as a quality control lab tech for Main Street Ingredients in La Crosse, WI. While working there, my high school sweetheart, Brandon, and I were married. Though wanting to stay in the Coulee region, a job offer in Ohio pulled us away to Wooster where Brandon now works as a GIS technician for TechniGraphics. Luckily, I also landed a job in my field and soon started my current job of associate study analyst for WI Research Laboratories in Ashland, OH. We plan on eventually getting back to Wisconsin.

What's Been Happening: Since graduation I have been working as a Software Engineer for Business Objects, an SAP company in La Crosse, WI. In December 2007 I got engaged to my college sweetheart, Megan Turner. We currently reside in La Crosse with our Yellow Labrador Retriever, Annie and are planning to get married in August 2008. We have been traveling together to places like Colorado, New York, and St. Louis to name a few.

What's Been Happening: In the process of completing my Master's in Architecture, at the UW-Milwaukee. I will be studying abroad in Paris and Florence in the fall of 2008. I am looking forward to the adventure. My experience at UW-M changed my life. Being part of the UW-L gymnastics team was the best time of my life and has given me life long friends, and a family I will always be a part of. My years at La Crosse helped me to become the person I am today and prepared me to reach the next step in my life. I could not be more proud to be a UW-L Alum!

What's Been Happening: After a brief hiatus from the academic setting following graduation, thangs are officially in full swing once again! I am currently in graduate school at Marquette University and am working on my Ph.D. in counseling psychology. Graduate school has been a tremendous experience thus far, the further I'm getting along, the more I'm enjoying it. I miss being in La Crosse but am thankful for many of the great memories that remain.

What's Been Happening: Since I graduated from the University of Wisconsin-La Crosse, I have moved to Madison to be closer to my family and friends. I am currently working at Menter Hospital while waiting to get into grad school. Hopefully I will be in grad school in the next couple of years. In the mean time, I enjoy catching up with my La Crosse roommates and high school friends. I also have time to catch a couple Badger games and Brewer games each season. Any other free time that I may have is usually spent playing volleyball or at a family function.

What's Been Happening: "Love the life you live, live the life you love," one of my favorite quotes from Bob Marley. This quotation basically sums up how I've been attempting to live my life since graduating from the wonderful institution of UW-La Crosse. I look back a job right out of college and moved on down to the great southern city of Fayetteville, AR; home of the Razorbacks. I am currently employed as a Health Educator and Wellness Coach through a great company called Comprehensive Health Services. Thus far, I love my job, am getting used to the area, and am spending a lot of time outdoors, seeing as winters in Arkansas are a "little" more temperate than those in Wisconsin. I have already obtained my CHES certification (Certified Health Educator Specialist), my Wellness Certification, and am currently looking into starting my MPA. Picking up and moving to a foreign area with no support system within 3 states was extremely difficult, but has made me a stronger person and has brought amazing people and experiences into my life. I would recommend adventuring out into our crazy world to anyone. We are only on this earth for one lifetime, so we might as well live it to the fullest! GO EAGLES!
